Summary

- A result-oriented Software Developer with analytical thinking skills, who can establish cause-effect relationships, prioritization, action tracking and reporting effectively, who can manage uncertainties and rapid changes, who is open to innovations, supportive team player, time management, planning, deadline compliance sensitivity.

Work Experience

Oruç Market Perakende (intern)

June 2017 - August 2017

- I worked as an intern in IT. I gained analytical thinking, process prioritization, time and crisis management and software SQL skills.

79Ratio Agency (intern)

June 2023 - September 2023

- Between June and August 2023, I interned at 79Ratio Agency, a digital advertising agency that promotes the internet as an alternative media. In the first week of the internship, I met the web development team and learned the Wordpress system. Working with experienced developers, we backed up and updated the code of the websites. In the second month, I developed a deeper understanding of Wordpress and SEO by creating new websites. Afterwards, we designed and developed a web application. This internship experience was a valuable experience for me as it gave me the opportunity to work with a great team and get to know the industry closely.

Education

Yeditepe University

Management Information Systems (Bachelor's)

- Through the Management Information Systems program, I developed a deep understanding of business knowledge and information technology. By specializing in computer science, software development and database management, I was able to develop customized IT solutions for businesses. I also improved my project management skills, enhancing my planning, coordination and communication abilities to ensure on-time and on-budget completion. I gained competence in data analytics and business intelligence and effectively used IT systems to analyze business processes and improve efficiency. Finally, through group projects, I improved my communication and teamwork skills and am able to collaborate effectively within a team.
